LANA VETTA

Catalogue of Sun-and-Wool
Throw Manufacturer

Hello

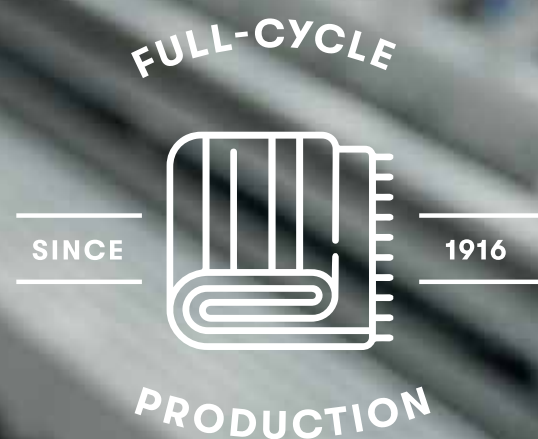

We are Lanavitta, manufacturer of throws with interwoven warmth of the sun, nature vibe and care of human hands.

Just imagine a sunny morning: the aroma of mountain herbs, a warm wind and softness of wool that absorbs every sunray.
This is how the story of our throws begins – with nature and harmony.

We have been engaged in the manufacture since 1916. In our production, we combine modern Italian equipment and long-standing weaving traditions. We use only the best natural materials – Australian, New Zealand, South American and Mongolian wool, cotton, mohair, boucle and cashmere. Each throw passes up to 40 stages of quality control, which ensures delivery of a flawless product right to your hands – soft, warm and durable.

Lanavitta is not just textiles, it is a brand of throws that warm and halt the moment, so you can live through it slowly.

Oksana Ovsiienko
Founder of Lanavitta LLC

Eco Quality of Lanavitta

We believe that true warmth begins with responsibility. That's why each of our throws is made with care for you and the planet:

1. Natural and recycled materials – Australian, New Zealand, South American, Mongolian wool, mohair, cotton and cashmere – are safe for health and nature.
2. Energy-efficient production: modern technologies that cut down water and electricity consumption.
3. Up to 40 stages of quality control: from the selection of raw materials to the last stitch.
4. International certificates – ISO 9001:2018, ISO 14001:2015 and OEKO-TEX® Standard 100 – guarantee the absence of harmful substances.

Opting for Lanavitta, you receive not just a throw, but quality-certified warmth and slowdown.

Lanavitta is available in stores in Norway, Sweden, Germany, Belgium, Italy, Poland, Lithuania, Romania, Moldova and Ukraine.

Our company successfully cooperates with large retail chains.

We are proud of our effective cooperation and never stop our search for new partners in Europe and America.

We understand the requirements of international markets and ensure stable product quality that meets their expectations.

throws per year

Manufacturing Capabilities

01

NEXT-GENERATION JACQUARD TECHNOLOGY

The design is woven directly into the fabric, ensuring long-lasting durability, a premium double-sided appearance, and the ability to create exclusive collections without compromising quality at scale.

02

IN-HOUSE BOUCLÉ TECHNOLOGY

Our production capabilities allow us to create textured bouclé surfaces that add visual depth to the textile, enhance durability, and align with contemporary interior design trends.

03

OPTIMISED COMPOSITION FOR TARGET PRICING

We can flexibly combine natural and synthetic fibres to achieve the right balance between cost efficiency, tactile comfort and durability – allowing the product to be adapted to different price segments.

04

FLEXIBLE PRODUCTION FOR CUSTOM ORDERS

We manufacture customised batches tailored to the partner's needs – from pilot launches and capsule collections to large-scale supply programmes.

05

RESPONSIBLE MANUFACTURING

Our production processes prioritise efficient use of water and energy, alongside the use of natural and recycled materials in line with modern environmental standards.

06

IN-HOUSE COLOUR LABORATORY

Our proprietary dyeing formulas ensure colour consistency, precise shade matching and repeatability across production batches.

Mohair

Mohair is a natural fiber from the wool of the Angora goat. That is why mohair throws are so airy, yet extremely warm at the same time. They neither weigh down nor prick your skin, ensuring perfect penetration of air and giving a feel of home comfort, even if you are far away from it.

Semi-woolen

Practical comfort. Collections made from renewable wool and synthetic fibers offer softness, durability, and ease of care.*

**Renewed wool is an example of modern ecological thinking. Instead of throwing away trimmings or used wool, we give them new life. The fabrics go through sorting, cleaning, shredding, and transformation into new yarn, from which we create your favorite throw.*

Cotton

Soft everyday hugs. Hypoallergenic, breathable, natural — our cotton throws are suitable for any season, especially for children, sunny mornings, and warm evenings with a book.

70% cotton, 30% polyester

60% cotton, 40% acrylic

Attention! The color shades presented in the catalog may slightly differ from the actual ones due to printing features, lighting during photo shoots, and individual color perception.
Note: The length including the fringes.

Blankets

A blanket at hand is always a good idea — for a picnic on a green lawn, to sit comfortably and enjoy the moment, or to cover a warm bed, adding coziness to your home. Our blankets are a combination of beauty and comfort that is always nearby when you want to bring a little joy into your everyday life.

Scarves

Scarves you'll want to wear even when no one sees you, because they are so pleasant and warm. Our scarves are made from the same materials as Lanavitta throws: Australian wool, cashmere, bouclé. That's why they are so soft and sunny.

Packaging

Our packaging is designed so that the throws are always ready — for a gift, for display, for warmth. Choose the style that suits your mood.

Roll

A classic solution — the throw is rolled into a neat cylinder and wrapped in stylish paper packaging. This option looks concise, modern, and is convenient for display on shelves.

Postcard in a Bag

A transparent PVC bag with an informational postcard inside. Minimalist and self-explanatory.

Branded Box

A sturdy micro-corrugated box with a “lid-bottom” structure. Ensures reliable protection of the throw during transportation and creates a premium unboxing experience that speaks of care.
